Wooden slide
channel

Laminated white
panel

The image shows a close-up of a mechanical assembly. A white laminated panel is visible on the left, with a blue arrow pointing to it from a label. The panel is connected to a metallic structure, likely an aluminium valley, which is also labeled with a blue arrow. The assembly is mounted on a base, and a red component is visible on the right. The background is dark, and the lighting is focused on the assembly.
